### Instructions:

1. Survey ten unchurched\* people by asking the following questions. You can find these people anywhere you wish (door-to-door, mall, friends, etc.).
  - When you think of church, what's the first word that comes to mind?
  - If you could ask God any question, what would you ask?
  - Is there anything in life you wouldn't give up, no matter what?
  - I'm thinking of starting a church for people who don't go to church. What advice do you have for me?
2. Bring your results to the assessment event, and be prepared to share them.

*\*"Unchurched" is defined as anyone who has not regularly attended a church for more than five years.*
