self-evaluation form (candidate)

gulf states conference • info@missioncatalyst.org • (360) 624-7271

Date: _____

Candidate's Name: _____

Instructions:

1. The Candidate Self-evaluation form is a snapshot of your readiness to start a church. The more realistic that you are in rating yourself, the more in focus your snapshot will be. Research evidence supports the conclusion that the most effective leaders are those who know themselves and make vocational decisions on the basis of their endowments — personal strengths and spiritual giftedness.
2. Please respond to each statement, even if you are uncertain about the answer. After considering each item, choose the numerical rating that best corresponds to evidence (not potential) of the quality described that you see in yourself. Do not allow the rating given on one item to influence other ratings.
3. Extreme ratings (1 or 5) will not occur with great frequency in the general population. These ratings should be applied only if you have clearly distinguished yourself in that area.
4. Print the form, circle your answers, and then scan and email the completed form to info@missioncatalyst.org or mail it to PO Box 873520; Vancouver, WA 98687.
